

MR. FUNNEL

FUEL FILTER FUNNEL YOUR TOOL FOR PURE FUEL

Which Model Filter Do I Need?

Whether its for your lawnmower, motorbike, generator, bulldozer or boat, Mr Funnel has a solution for any engine you own.

The Fuel Filter Funnel is a heavy-duty, anti-static and fast flow funnel with built in filter technology.

When fuel is poured through it, Water and Debris will not pass through. Only clean, filtered fuel flows through to your engine.

The funnel will filter Petrol, Diesel, Heating Oil and Kerosene. The sump area collects the deflected water and debris for efficient disposal.

Choose the funnel with the flow rate that best suits your fuel transfer needs.
